

## PRODUCT DATASHEET

Product Name	Aerobuf Twin-Head Orbital Polisher	A blue, handheld orbital polisher with two heads and a power cord. Next to it are three white, oval-shaped polishing pads of different sizes.
Manufacturer	Frasers Aerospace	
Part Number	BFP018	
Available Pack Sizes	N/A	
Qualifications	98/37/EC 2006/95/EC 2004/108/EC EN 60745-1:2006 EN 60745-2-4, A11:2007 EN 55014-1:2006 EN 55014-2, A1: 2001 EN 61000-3-2:2006 EN 61000-3-3, A2:05	

## DESCRIPTION

The 'Aerobuf' Twin-Head Orbital Polisher is an extremely cost-effective solution for polishing painted and metal surfaces to high-gloss or mirror-finish shines. Its twin-heads oscillate (rather than rotating/spinning) in an overlapping motion, which simulates hand-polishing and results in a finish free of the 'swirl marks' left by rotary buffers/polishers.

Aimed primarily at the lighter-use and hobbyist markets they cost around a third the price of industrial-use equivalents such as the Cyclo® 6CE. Perfect for infrequent 'brightwork' polishing jobs, or polishing your vintage caravan or classic car.

## FEATURES

- Oscillating motion to simulate hand-polishing
- Variable speed control for greater precision
- Sturdy, high-quality plastic housing
- Lightweight and portable
- High-torque motor with cooling fan
- Long-life carbon brushes
- Well-balanced, ergonomic design
- Compatible with Cyclo® polishing pads
- Fitted with a standard UK power plug (Type G / BS 1363)
- Suitable for use in many industries, including Aerospace, Automotive and Marine.
- Suitable for novices and experts alike
- CE Compliant
- Voltage/power: 230VAC/50Hz
- Motor output: 350W

### Frasers Aerospace
