

## PRODUCT DATASHEET

Product Name	Citricut Gel	
Manufacturer	Nuvite	
Part Number	N027 (1 US Gallon) N027A (5 US Gallon)	
Available Pack Sizes	1 and 5 US Gallon	
Qualifications	Douglas CSD #1, Boeing D6-17487P, AMS 1526B AMS 1527B, AMS 1533A	

### DESCRIPTION

Nuvite's citrus-based **CitriCut Gel** wetwash uses its fluid viscosity to cling to vertical and overhead surfaces, and it provides increased wet-out time and penetration of stubborn dirt or caked grease. **CitriCut Gel** extends Nuvite's extremely popular **CitriCut** formulation and its exceptional cleaning capabilities to even the most difficult situations. It also allows longer wet time for all surfaces even when used with water dilution. Water dilution may still be used if needed, or, for heavy cleanup, **CitriCut Gel** can be used at full concentrate strength by applying with a low pressure spray, let soak, and spray rinse clean with high pressure. All these capabilities come without worry of gelcoat/paint, acrylic or metal damage, and it is safe for users and the environment. It smells good, too!

### FEATURES

- Heavy-duty cleaner and degreaser in gel form that clings to vertical and overhead surfaces.
- Effective for cleaning dirt, carbon, grease and oils
- Safe and pleasant for users and the environment
- Increased wet time ability allows great penetration on caked grease
- Will not deteriorate seals, hoses and rubber components
- Carries all major certifications
- Completely biodegradable
- Contains no alkaline salts, petroleum distillates or phosphates.

### DIRECTIONS FOR USE

#### For Normal Cleaning – Wet Wash:

Dilute 1:2-1:8 with water, depending upon soil conditions and cleaning frequency. Apply to surfaces by spray, mop or foam application. Agitate to loosen soil and rinse with water.

### Vertical or overhead surfaces:

Spray full strength on surface with low pressure spray. Allow to soak - CitriCut Gel will cling and penetrate soil and grease. Agitate to loosen and spray rinse with high or low pressure water. Note: in the event of product contact on formed polycarbonates, thoroughly rinse with water.

### Heavy-Duty Cleaning:

Use full strength concentrate, viscosity can be adjusted with liquid CitriCut if desired. Allow to soak 15-20 minutes. Do not allow soaked area to completely dry. Rinse with high pressure water.

## HEALTH & SAFETY CONSIDERATIONS

CitriCut Gel is not environmentally restricted. Users should use standard safety precautions, such as wearing gloves and eye protection along with any other standard safety procedures. Refer to Material Safety Data Sheet for further information.
